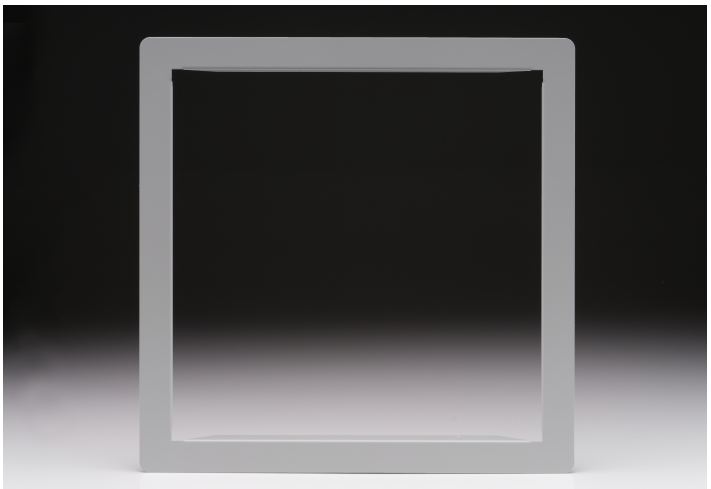
MxPro 5 Semi-Flushing Bezels

Advanced bezels are colour matched with all our fire alarm control panels using RAL7035.

All bezels are provided complete with fitting kit for a quick and easy solution for semi-recessing the MxPro 5 series control panels.

Please note: when recessing, extra clearance (5mm all sides) must be factored to allow the bezel to be fitted to the backbox.



Features

- Semi flush fitting for all MxPro 5 panels
- Picture frame effect for ease of installation 30mm flange

Dimensions

Part Code	Description	Bezel dimensions	Flange size	Back box recessing depth
MXM-501	Semi-Flushing Bezel - Mx-5000 small enclosure	345mm (H) x 345mm (W)	30mm	70mm

MXM-521	Semi-Flushing Bezel - Mx-5010/5020 Advanced remote control terminal	218mm (H) x 300mm (W)	30mm	30mm
MXM-536	Semi-Flushing Bezel - Mx-5000 extended enclosure	750mm (H) x 450mm (W)	30mm	175mm

Additional information

Enclosures have an identification mark on the back box for positioning of pilot drill holes for bezel installation.

Note: Semi-flushing does not take account of the outer door dimensions, which will always stand proud of the finished surface.
